

Founding Principles

1. We will give back to the community.
2. We will sell services only.
3. We will be vendor agnostic.
4. We will encourage each employee and client to voice comments and/or criticisms.
5. We will partner when it is advantageous to our company and without restriction.
6. We will design our solutions with the best interests of the client in mind.
7. We will provide our employees with the proper resources and expect their very best.
8. We will expect each employee to be a sales generating resource.
9. We will use our solutions internally wherever possible.
10. We will be committed to open-source solutions when appropriate.
